<https://www.ba-stores.com/product/b-modern-esquire-black-matte-veneer-tv-stand>. Modern front yard and exterior transformation of this ranch eichler in the Oakland Hills. The house was clad with horizontal cedar siding and painting a deep gray blue color with white trim. The landscape is mostly drought tolerant covered in extra large black slate gravel. Stamped concrete steps lead up to an oversized black front door.

A redwood wall with inlay lighting serves to elegantly divide the space and provide lighting for the path.

We were hired to add space to their cottage while still maintaining the current architectural style. We enlarged the home's living area, created a larger mudroom off the garage entry, enlarged the screen porch and created a covered porch off the dining room and the existing deck was also enlarged. On the second level, we added an additional bunk room, bathroom, and new access to the bonus room above the garage. The exterior was also embellished with timber beams and brackets as well as a stunning new balcony off the master bedroom.

Trim details and new staining completed the look. - Jacqueline Southby Photography. Large elegant u-shaped medium tone wood floor and black floor enclosed kitchen photo in New York with a farmhouse sink, beaded inset cabinets, white cabinets, marble countertops, blue backsplash, marble backsplash, paneled appliances, an island and black countertops.

This master walk-in closet was completed in antique white with lots shelving, hanging space and pullout laundry hampers to accompany the washer and dryer incorporated into the space for this busy mom. A large island with raised panel drawer fronts and oil rubbed bronze hardware was designed for laundry

time in mind. This picture was taken before the island counter top was installed. Classic 1920's style kitchen designed in a new 200 sf addition to original historic home.

Northlight Photography. Kitchen - country kitchen idea in Seattle with a farmhouse sink and wood countertops. We updated this 1907 two-story family home for re-sale. We added modern design elements and amenities while retaining the home's original charm in the layout and key details. The aim was to optimize the value of the property for a prospective buyer, within a reasonable budget.

New French doors from kitchen and a rear bedroom open out to a new bi-level deck that allows good sight lines, functional outdoor living space, and easy access to a garden full of mature fruit trees. French doors from an upstairs bedroom open out to a private high deck overlooking the garden. The garage has been converted to a family room that opens to the garden. The bathrooms and kitchen were remodeled the kitchen with simple, light, classic materials and contemporary lighting fixtures.

New windows and skylights flood the spaces with light. Stained wood windows and doors at the kitchen pick up on the original stained wood of the other living spaces. New redwood picture molding was created for the living room where traces in the plaster suggested that picture molding has originally been. A sweet corner window seat at the living room was restored. At a downstairs bedroom we created a new plate rail and other redwood trim matching the original at the dining room.

The original dining room hutch and woodwork were restored and a new mantel built for the fireplace. We built deep shelves into space carved out of the attic next to upstairs bedrooms and added other built-ins for character and usefulness. Storage was created in nooks throughout the house. A small room off the kitchen was set up for efficient laundry and pantry space.
