Players team up as monsters to battle away in the Sky Arena, and this is just one of many mobile games that uses promo codes to add more content into the game. The game, available on both Android and iOS, offers a bunch of free unlockable rewards for the community to access and if you are an avid player of the game, you should definitely be using these codes. How to Redeem Summoners War Promo Codes on Both iOS and Android. Unlike a lot of mobile games, redeeming promo codes in Summoners War is different on iOS and Android.

On iOS (Apple devices like iPhones) it is very simple. All you have to do is click on a direct link which sends you to the game and redeems the promo codes. The direct link can be seen down below in the promo codes section. On Android, it is still simple, but you just have to follow a few more steps to redeem the codes for the games. To redeem these latest codes on Android, you have to: Launch Summoners War on your device Then tap on the Event button, (the pink gift box icon) After this, you scroll down to the bottom of the page When at the bottom you simply click the button- “Enter your promo code here!” Then you enter your promo code in the box Tap on the red “Enter” button.
